FIG. 13 is a schematic diagram of a system 1300 for monitoring a network 1310. The system 1300 includes a network 1310, a monitoring device 1320, and a database 1330. The network 1310 is connected to the monitoring device 1320, which is connected to the database 1330. The monitoring device 1320 is configured to monitor the network 1310 and store the monitoring data in the database 1330. The database 1330 is configured to store the monitoring data and provide the monitoring data to the monitoring device 1320. The monitoring device 1320 is configured to monitor the network 1310 and store the monitoring data in the database 1330. The database 1330 is configured to store the monitoring data and provide the monitoring data to the monitoring device 1320.
